Dinosaur Teeth

►1. Fern Room

Most of the plants in this room were alive at the time of the dinosaurs.
Put a sticker on to two kinds of plants you see in this room

►2. What did the dinosaurs eat?

Go to the rooms on the next page and try to find the dinosaur in each room, put a sticker next to it's tooth and match up the tooth to the kind of food that it ate. Here are some helpful hints about dinosaur teeth:

The teeth of **meat eating dinosaurs** are sharp and curved.

The teeth of **plant eating dinosaurs** are shaped like mittens.

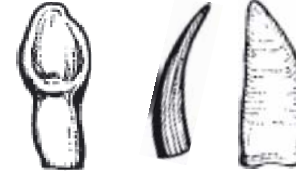

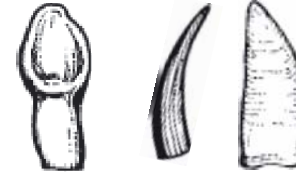

The teeth of **dinosaurs that love to eat fish** are skinny and the longest teeth are in the front of the jaws.
